- Black Microfibre
- Royal Blue Microfibre
- Ferraro Red Microfibre
- Terracotta Microfibre
- Pistacchio Microfibre
- Violet Microfibre
- Black Leather

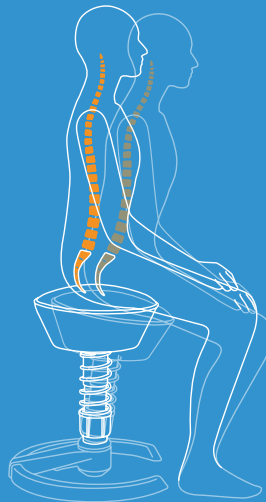

What is the swopper?

Swopper is a well researched, German engineered ergonomic office stool. It's designed to assist the body's natural motion pattern, particularly when sitting, through its flexibility in 3 dimensions. All this strengthens your back, increases performance and helps to keep you fit and healthy.

Style & Convenience

The Swopper seat is in a class of its own. The sleek, contemporary design and compact frame makes the Swopper an ideal fit in any commercial or home environment. The Swopper has revolutionized sitting, and has quickly become a huge success around the world.

Awards & Endorsements

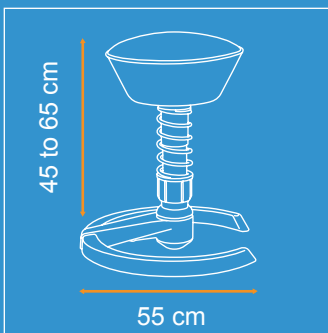

Swopper Chairs are endorsed worldwide by architects, designers, ergonomists and health professionals alike, and the manufacturer Aeris holds several worldwide patents. Swopper has also won numerous awards from renowned German and international institutes for its design, function and engineering.

Warranty

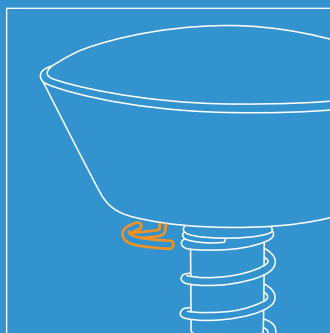

The swopper is covered by a three (3) year limited warranty :

- 3 Year warranty on seat structures
- 1 Year warranty on seat cushion and seat fabric
